About

WebsCrush

At Webscrush we share the vision of standing out in the crowd. Here, our priority is to give our client's an experience that will provide a tailwind to their goals. As a startup set up in 2019, we have built a robust network of clients in web design & development. Perhaps, It is our humble and hard-working team that has managed to put all this together. WebsCrush welcomes their client's zeal to make things happen and understands the effectiveness of putting the right step first. And so, from ideation to the delivery, we take care of your website, creatively.

Welcome to our company!

WebsCrush is an IT company that has worked with domestic as well as global clients with an emphasis on quality, satisfaction, and conversion. We believe a structured website allows endless possibilities to find us. Our work ethics require us to be transparent in our projects. In return, we value your trust and the well-being of your business.

We're glad to meet you!

Our Story

A timeline of
our history.

July 2019- Started with just two people- Amit and Kundan. They worked as a freelancer for UPWORK- the world's work marketplace

July 2019- While working on WordPress website development services they generate a whopping revenue of \$1K. And all that in just one month.

December 2019- Formed a new company- Uptech Marketing. Served clients in the US market with top-notch results.

April 2020- Added SEO service- but not much luck, dropped it later

August 2020- We crossed 100+ website development projects

November 2020- Amit founded AdsCrush- a global affiliate network. While Kundan looked after the website development.

January 2021- AdsCrush paid \$30k to its affiliates in commissions for promoting its products and offers.

March 2021- "Uptech Marketing" merged with AdsCrush. Pilot test of few services - Landing Pages, designing, Sales Funnel Creation, App Development etc.

June 2021- Launched Pilot test was successful, 30+ happy customers.
